WE ARE NOT JUST A TEAM, WE ARE FAMILY

In a fast paced economy, we get dragged into the rat race [more often than not, against our wishes]. The beauty of today's workforce is we're all engineers by day but musicians, dancers, DJs and startup executives at night.

Hustling our way into committees and figuring out yet another way to go viral. In this struggle to balance reality and dreams, we forget to take care of ourselves. And since we don't live with our Moms anymore,

BMS Foods decided to step in and provide Home cooked meals to today's office - going personnel. We found this to be a brilliant way to channel all of the Moms' love and healthy nutrition in a well - balanced tiffin dabba.

We delivery health that are ready to eat .

INDIA

I- INSPIRATIONAL + IMMERSIVE. A sensory overload unlike any other.
N- NURTURING + NOVEL. "Namaste" the standard greeting, means: the soul in me, bows to the soul in you. Now that's different!

D- DIVERSE + DYNAMIC. The country is vast in its culture, geography, population, wealth, economics, education system and the sheer range of what you will experience.
I- IMPACTFUL + INFLUENTIAL. Indians are leaving their footprint across the world, you have so many chances to make your own mark here and elsewhere, the opportunities are endless.

A- AMAZING + AUTHENTIC. It's not about the number of breaths you take, but the moments that take your breath away in India, every moment is so wonderful that takes your breath away.
